Ganga sravani K

Web Developer and python programming Intern at **Codsoft**, completing internship, developing responsive websites using HTML, CSS, and JavaScript, troubleshooting code, optimizing UI/UX, and building applications of users by using python , learning from experienced professionals.

EXPERIENCE

Although I may lack formal work experience, I have actively pursued projects, gained knowledge during my academic studies, and engaged in relevant extracurricular activities. Through my academic achievements, personal projects, and continuous learning, I have developed a strong foundation in the software field and acquired valuable skills.

EDUCATION

Swami vivekananda vidyalaya,Nandyal–matriculation(SSC)

Passing year : 2018

Cgpa: 9.8

Rao's Junior college, Nandyal—Intermediate

Passing year: 2020

Cgpa: 9.5.

Rajeev Gandhi Memorial College of Engineering And Technology, Nandyal—Bachelor of Technology

June 2020 - April 2024

Cgpa: 8.43(upto:3rd year)

Hobbies

Listening songs , doing crafts , drawing ,playing with pet

Internship Experience

During my internships, I gained valuable experience in web development and Python programming. At CodSoft in San Francisco, I worked as a Web Development Intern, contributing to web projects and optimizing website performance. At Oasis Infobyte in New York, I served as a Web Developer Intern, designing responsive websites and ensuring quality through testing. I learned teamwork, communication, and problem-solving, solidifying my passion for web development. I look forward to leveraging my skills in dynamic and innovative projects.
